

Implementation and Migration Planning Team

Project Initiatives

Week Two

Recap - Impetus for the study (House File 534):

The Legislature is looking for Value from Information Technology investments, to be more responsive, and cost effective by asking...

- *How can investments in technology add maximum value to the State?*
- *How can we increase cost effectiveness on a statewide basis?*
- *How can we provide a greater focus on the core mission of the State?*
- *How can we effectively manage scarce resources and improve service delivery?*

Alternative 2: Service Provider Model

Service Provider Key Highlights

- Governance Board
- Architecture Review Board
- Establish Office of the CIO with:
 - *Statewide CIO*
 - *Statewide CTO*
 - *Statewide CISO*
 - *Enterprise level CIO's*
- Resources follow the job (financial not physically)
- Rate Schedule to be Developed for Interdepartmental Services
- Centralize IT procurement
- ICN manages WAN, CAN and LAN
- IT Department manages all hardware (except Network - ICN)
- JFHQ primary for data center/server farm; Ames DOT backup site
- IWD and Hoover data centers for file and print services only

Recommendation: (# and Name)
